## Stock products (Icons, logos and templates)

Stock products including splash screens, logos, icons, web templates, etc are owned by us. If an item is purchased exclusively, we will remove it from our site and only you and anybody else that bought it before you will be the only ones with that design. In the case of the Stock logos they are only sold one time.

### You may

\_You may use the icons royalty-free in all your personal or commercial use including your client projects.

\_You may add or modify them as needed for any project, application, web design, video game, advertising, film or video.

### You may not

\_You may not resell, transfer, redistribute, rent, offer the icons free for download, or in any other way make available, this includes any icons that you may have modified.

-You may not make the icons available as part of any for sale or free templates.

-You may not include the icons separately from your project as an addition, option, bonus, etc.
